Introduction

Everest College, a truly management college, centrally located in Kathmandu at Thapathali, has been consistent in its approach to assist management students to shape habits, skills, interest, psychology not only nurturing their managerial excellence but also ensuring and inspiring them for existential life being a part of society. Everest College has been solely convinced with a destination of fostering and foregrounding the academics of present education system flavouring new ideas and strategies to meet pace with the fast changing pattern and cope with the global challenges and needs.

Everest College furnishes the student with a sufficiently large amount of personal activity in occupations, expression, conversation, construction and experimentation. So that his/her individuality, moral or intellectual, shall not be swamped by a disproportionate amount of the experience of other to which books introduce him/her.

Everest College provides conclusive academic environment to motivate and sharpen creativity and interactive ability. Everest College agrees that knowledge is an indispensable organ of education and aims to attend to the development of character and personality by means of their social life, game, music, drama, visual aids and enormous range of other things of out of class activities, all of which students consider part of their program.

The Everest College philosophy is to provide quality education that is sound in concept, implemented by competent and dedicated faculty, and geared to serve those seeking a solid foundation in knowledge and skills required to obtain employment in their chosen fields the programs offered emphasize hand-on training, are relevant to employers’ and focus on areas that offer strong, long term employment opportunities.

Everest College shall remain engaged in the process of preparing its students to fit into this complex social structure, and to play particular social roles as members of more than one institutional group. It is highly concerned with the preparation of the student for his/her future occupation in life.
Mission/Vision

To pursue, create and disseminate knowledge in order to prepare the skilled manpower to meet the exact requirements of the fast pace of industrial society of post-modern world.

Everest College missions:

- To excel theoretical and practical education.
- To produce the successful manpower for managerial excellence.
- To entrust sense of responsibility and ownership.
- To provide quality education that meets the need of present world.
Everest College aims to foreground knowledge through scientific learning based on research encouraging students to be interdependent that is distinctive, transformational and inspiring blending intellectual inquisitiveness, imparting practical education to be far from absurd life to excel professional managerial excellence.

Everest College offers two years plus two (10 +2) Level program in business management to the students who have appeared S.L.C. examination or any equivalent under recognized board It is affiliated to the Higher Secondary Education Board (H.S.E.B.), Sanothimi, Bhaktapur.

Everest College offers Bachelors of Business Administration (BBA) Program, Bachelor of Business studies (BBS) and Master of Business studies (MBS) with primary knowledge, competence and orientation business and information system.

These programs aim to produce human resource that deserves administrative skills, exploration of conscience to cope with the problems and to develop professionalism necessary to run an organization efficiently and effectively.
Leaving school or college does not necessarily mark the ultimate end not by a long shot. It is only the beginning as no educative process abruptly comes to such an end without necessitating the beginning of another chapter of more education, more learning and more living. This is where and when we might come handy.

Everest College needs hardly any introduction. It got off to an auspicious start in the year 1998 to cater for the needs of management students of a world of thriving hopes and aspirations. Since its inception till now, it has dedicated its continuous services to enhance the ability of individual student making them feel responsible to contribute their little mite to the progress of the country. The journey we have undertaken over these years seems a brief episode in the history of the management education. Yet, it has been no mean significant considering the achievements our graduates have made in their respective fields. It is a matter of great satisfaction to see how they have been successful in integrating themselves in different meaningful sectors and assuming significant roles to discharge their socio-economic duties. In spite of all these, I feel sincerely that our dreams are far from being complete which is why, we still have our eyes set on the fulfillment of the objectives to develop socially responsive, creative and result oriented management professionals to fill up the middle and high-level managerial positions in the ever fast growing business sectors in Nepal and abroad.

Lastly, I feel very happy to pledge you that from this academic year 2068-69, Everest will work harder than before with more dynamic leadership, commitment and vigor. With the full assurance of our sincerity and determination, I thank all our wellwishers, guardians, teachers, students and staff for their continued support and concern without which Everest would not be what it is and where it is now. Thanks.

Yadav Jung Karki
The CEO’s Desk

We look forward to meet you at Everest College. Those of us on the faculty and administrative staff are here to teach you, to encourage you along the way and to challenge you to become all that you can be. We want you to find academic challenge here. We want you to find joy in learning. Over Everest study is intense and focused, with a strong industry presence and career network. At Everest, you won’t just study what you love, you’ll do what you love. Hands-on learning is built right into the curriculum, so you can build valuable business experience and a professional network long before you graduate.

Think its impossible to conduct path breaking research teach world-class students, offer significant contribution to your field and still make it home in time for dinner? Think again . At Everest, we believe that our most important resources are those that leave every night and come back the next day and we work hard to foster an environment that helps faculty and researchers not only excel in their fields, but also balance their personal priorities outside of Everest. Some might say that having a reputation for excellence and having a life don’t mix but we are Nepal’s most productive college and turning impossibilities into realities is what we do best.

Whether you’re seeking practical experience, a career change or a boost up the corporate ladder, completing your graduate studies at Everest College can offer a significant edge. Our prestigious professional and research oriented programs help the students to meet the requirement of the present world. In addition to a personalized and personable education experience with noted faculty who lead their professions. Everest students have access to a variety of internships and other awards that help turn their academic dreams into financial realities. Everest success starts here.

Bishnu Hari Pandey
Education and its value has become the first priority of this advanced world. Imparting knowledge and gaining it are increasing every day throughout the world in this 21st century. Entrepreneurship, perfection in different skills and professionalism are reaching to their summit. The world is heading fast toward excellence in every aspect.

The changing environment of the world in the academic field has inspired many academicians, scholars, social workers and even stakeholders to take initiation in education in Nepal. It is very important and necessary in the context of Nepal, where around 50% people are illiterate. Hence, overall development of our nation needs quality education.

Everest College, established in March 1998, embodies the main objective of providing quality education at affordable cost to compete and adopt with the emerging challenges and changing scenario of the present world. With more than 10 years of experience, Everest College holds grand repute of success in achieving its objectives. MBS, BBA and BBS products of our college are engaged and are contributing in various sectors inside and outside the country.

Lastly, I would like to thank all our well wishers, valued parents, respected teachers, dear students and staff for their precious support to name Everest College as the candid platform for business studies.

Dr. Jitendra Pd. Upadhyay
Education should ensure the competence to proceed the life with the fast pace of industrial world.

The education which does not support day to day life is absurd. So, education should be practical to accompany one to the pace of modern life style supporting and celebrating intellectual inquisitiveness, imparting value based education for purposeful citizenship and ethical leadership for professional and personal excellence.

Our focus is to encourage the students to raise passion to achieve excellence in management, building competence. Our main goal is to make the students inventive, creative and responsible through strategic collaboration, regular evaluation, conceptual and relevant learning. In addition to these, frequent interaction with parents, class teachers, faculty members will definitely lead the students to become more accountable to all of them bringing about certain noticeable changes very obvious to all stakeholders in question. Everest College provides counseling, internship, skill based training to vibrate conscience of the students. So, with open arms Everest invites all who wishes to “Learn, Serve, Excel.....” through distinctive, inspiring, self-motivated and self-governing nature. We offer to produce the best opportunities for the students who have a burning passion to manage, handle and accelerate life conveniently. Hence, Everest College follows multi-dimensional scientific learning that has a blend of theoretical knowledge marinated in the flavors of practical nuances.

Thanks.

Baburam Chapagain
+2 Program

Affiliated to HSEB, +2 aims to address demanding and incorporated management education from an early age so that students can later find their undergraduate program easier. The college follows scientific teaching technique, allowing students to match up to their subjects with a dedicated insight. As a result, they come up with a clear model of the subjects and develop their own idea about them. Consequently, it helps the students track their higher studies with confidence.

Students can decide from an extensive array of subjects ranging from Hotel Management, Travel & Tourism and Computer Science Business Studies among others to support and pursue their future careers.

Examination & Evaluation

Each academic year consists of three internal exams inclusive of the final sent up test. A 40% pass mark is obligatory in every subject for the above mentioned examinations. Any failure will lead to non-eligible for the board exam. To increase the caliber, performance and preparation of all the students, we have a system whereby students are regularly assessed via unit tests, project work and multiple home works.

Subject combinations for management students are as follows:

I was convinced that I had to proceed my life being expert in managerial aspect of business world. So, I determine to choose management stream and I joined Everest College. Teaching and learning at Everest is student centered. I find Everest College the destination to forward the mission of my life. The class teachers are self-motivated, encouraging and the management is co-operative. Some of the common techniques I find at Everest College are guest lectures, case study analysis, group discussion, departmental seminars, group and individual projects, presentations, questionnaires quiz and field-visit to experience the theory in practical situation. At last, I prefer that the students who have passion to be the leaders of the world, Everest College is the one which you are absolutely in need of.

‘BBS’ program at Everest College is highly professional. Regular evaluation, assignment, quality education with affordable fee, social, ethical and moral values, friendly and expert faculty members, good management and extra-curricular activities for mental, physical and psychological fitness are my experience at Everest. I feel that studying at Everest is the way to deserve quality as every class revolves around forming ideas, expressing ideas, assimilating ideas.

BBS at Everest College is an opportunity to concentrate in one area of specialization i.e. accounting, finance, human resource management and marketing emphasizing functional and skills in sectorial management. So, Everest College is the best place to expose and extend the knowledge.

Sanjeev Khadka

Everest College is one of the best colleges in the valley. My enthusiasm, thirst of knowledge and spirit of learning have always been enhanced by this college. Everest College comprises highly qualified, experienced and enthusiastic academic professionals. I find Everest College a gateway to enhance and boost up learning ability of students and prepare them to empower the jangling discords in future career.

Diwas Timilsina  
MBS Student
I really feel proud of being one of the parents of Everest College because of regular follow up, friendly environment, strict disciplinary rules, positive counseling reliable fee structure, and satisfaction of the students. Because of my children’s progress, there is no doubt that Everest College is the best educational destination to fulfill requirements of both students and parents. So, I would like to request all the parents to recommend their children in Everest College because this is the best.

Every parent wants to join their children in the best college to achieve the degree, but the adolescence excitement and transition of life of the children become one of the problems to choose it. Me too was in confusion to shape the career of my son in the best college. When I visited Everest College, I found co-operative academic professionals who want to change the existing society bringing new vibration in the present education system. Then I joined my son at Everest. Homely environment, regular assignment, parents meeting, regular evaluation are the features I find in this college.
